

QUALITY POLICY

We, at M&B Road Marking, aim to provide our clients with the highest quality road and highway markings, car park markings, electric vehicle bay markings and custom markings.

To achieve this aim, we will maintain an effective Quality Management System that meets all relevant legal and regulatory requirements including ISO 9001:2015 and applicable National Highway Sector Schemes, including the National Highway Sector Schemes Quality Management in Highways Works Scheme No. 7 - The Application of Road Marking Materials & Road Studs to Paved Surfaces.

We shall also establish measurable quality objectives that are aligned with our client requirements to keep all road users safe through reliable application of markings. These quality objectives shall be set on an annual basis, at management review, with progress against these objectives reviewed on a monthly basis.

We are committed to the continual improvement of the M&B Road Marking's Quality Management System to ensure that client satisfaction is consistently achieved.

Signed
